#### **Top Apps**

Live Chat - Live Chat lets you talk with your website visitors right from Microsoft Teams.

Jira - Jira Cloud for Microsoft Teams brings your Jira Cloud experience into your collaboration environment, letting you and your team stay focused and communicate on issues and backlog.

<u>Vacation Tracker - Team members can book any type of leave and managers can easily approve or deny</u>
<u>leave requests, both without ever leaving Microsoft Teams.</u>

Polly - Polly is an engagement app that captures instant, contextual feedback from your team in seconds.

#### **Advanced Tips**

- Take Meeting Notes: During a meeting, click the More Actions ••• button on the control's toolbar and select Show Meeting Notes. Meeting notes aren't available in meetings with more than 20 people.
- Transfer a Call: During a call, click the More Actions ••• button on the control's toolbar and select Transfer. Start typing the name of whom you want to transfer the call to, then select their name from the search results and click Transfer.
- Mute a Chat's Notifications: Hover your mouse over a chat in the List pane, click the More Options · · · and then select "Mute".
